Descriptive Price List

NOTES *to* CORRESPONDENTS

Our Location is in Larimer County, sixty miles north of Denver on the Colorado & Southern railroad.

Our Shipping Season usually begins April 1st, and continues to May 15th. It is, however governed by weather conditions.

Terms—Cash with order, or satisfactory reference. Orders to be sent C. O. D. should be accompanied by one-fourth cash.

In Ordering give age or size and price of stock wanted. Give instructions when to ship and whether by freight or express. We recommend express shipment, especially on small orders and late orders.

We pay freight or express charges on orders of \$10.00 or over.

Replace—We replace all stock which fails to start growth at one-half the current retail price provided the shipment is received promptly on arrival and the stock is properly planted and cared for. Such loss must be reported to us by fall of the same year.

If by error in filling orders any stock should prove untrue to name, we will on proper proof, replace same free of cost or refund price paid for same but we will not be responsible for any greater sum.

Size and Age of Stock is given in the price list and the price is made accordingly. The calliper is given in inches and is the diameter of the tree at the top of the ground. The height is given in feet and represents the average height of the trees and plants we will deliver at the price. We sell 5 trees or plants at rate per 10 and 50 at rate per 100.

Our prices are for good, live, dependable trees and plants suited by careful selection to the conditions under which you will plant them, packed in a way to reach you in the best of condition and guaranteed true to name. We do not offer any other kind at any price and do not pretend to compete with any one who does. We intend that people who spend their money with us shall be satisfied with what they get from us in return and stock that will grow and thrive under fair treatment is the only kind that will give such satisfaction. Such stock can be delivered at a fair price but not at a cheap price. We have been here a good while and expect to stay a good while yet, we want your business in future years as well as now and our way of getting it is to make it worth your while to trade with us.

Each of the trees in this picture is four feet high, which goes to show there may be a difference in quality when the height is the same. When we price trees "2 year, 4 to 6 ft.", we mean trees like that on the left.

FRUIT TREES AND PLANTS

APPLES AND CRABS

We list below what we consider the best twelve varieties of apples for planting in this and like climates. They have proven their worth in hundreds of orchards, which recommendation counts for more than anything that may be said about them, and until some of the new and much advertised varieties show up as well under the same test, we will continue to recommend these as the best. The extra hardy ones are marked with a (*)

Prices	Each	Per 10	Per 100
3 year, 5 to 7 ft.....	\$1.00	\$9.00	\$85.00
2 year, 4 to 5 ft.....	.80	7.50	70.00
1 year, 2½ to 4 ft.....	.55	5.00	45.00

Varieties

- *Oldenburg (Duchess) Well known; hardy, early.
- *Yellow Transparent—Very early, golden yellow.
- *Wealthy—Best of the fall apples.
- *Ben Davis—Gets the money, with no expense.
- *Black Ben—Looks like Jonathan; tastes like Ben.
- Delicious—Recommended for the home orchard.
- *Gano—Good for the commercial orchard.
- Jonathan—Standard everywhere.
- *McIntosh—Very hardy, good bearer, light red.
- Northwest—Extra large, light green to yellow.
- *Rome—A hardy, drouth-resistant tree; good.
- Winesap—Medium size, best quality, good bearer.

Elm, 2 ft.....	.60	3.00
Locust, Black, 2 ft.....	.40	1.50
Locust, Honey, 18 to 24 in.....	.50	2.50
Maple, Silver, 2 ft.....	.40	1.50
Olive, Russian, 1 to 2 ft.....	.60	3.00
Walnut, Black, 1 to 2 ft.....	.60	4.00

EVERGREENS

We have a limited supply of Colorado Blue Spruce and Colorado Silver Cedar. We will price these on application.

ORNAMENTAL SHRUBS

A collection of hardy shrubs grouped according to their habits of growth and the locations to which they are best suited. These shrubs will be satisfactory when used as indicated below.

Tall Growing, Spreading Shrubs—Buffaloberry; Dogwood; Golden Elder; Itoha Privet; Persian Lilac; Snowball; Syringea; Staghorn Sumac; Viburnum.

Tall Growing Upright Shrubs—Almond; Buckthorn; Chokecherry; Common Lilac; English Privet; Caragana; Tamarix; Viburnum Lentago.

Shrubs of Medium Height—Coralberry; Golden Currant; Honeysuckle; Opulaster; Japan Quince; Rosa Rugosa; Rosa Harrison; Snowberry; Spirea Van Houttei; Spirea Billardi; Spirea Arguta; Fern-leaved Sumac; Thimbleberry.

Low Growing Shrubs—Barberry Thunbergi; Hydrangea; Kerria; Japonica; Leadplant; Potentilla; Spirea Thunbergi.

Shrubs with Showy Flowers—Honeysuckle; Hydrangea; Lilac, in variety; Kerria; Opulaster; Potentilla; Quince; Rosa; Snowball; Syringea; Spirea; Thimbleberry.

Shrubs with Showy Fruits—Barberry Thunbergi; English Privet; Golden Currant; Dogwood; Honeysuckle; Rosa, in variety; Snowberry; Sumac; Viburnum; Rocky Mountain Cherry.

Shrubs for Foliage Effects—Golden Currant; Golden Elder; Honeysuckle; Kerria; Rosa Rugosa; Spirea Van Houtti; Staghorn Sumac; Tamarix.

Shrubs for Shady Places—Barberry Thunbergi; Kerria; Coralberry; Snowberry.

Shrubs for Dry Places—American Elder; Honeysuckle; Lilac Purple; Opulaster; Caragana; Rocky Mountain Cherry; Sumac.

Shrubs for Screen Planting—Buckthorn; Chokecherry; Lilac, common; English Privet; Caragana; Viburnum.

Trimmed Hedges—Buckthorn; Honeysuckle; Russian Olive; Honey Locust; Hardy Privet; Caragana.

Un-trimmed Hedges—Barberry; Honeysuckle; Quince; Spirea Van Houtti; Spirea Arguta.

Foundation Planting, High—Dogwood; Golden Elder; Lilac; Syringea; Sumac; Snowball; Viburnum.

Foundation Planting, Medium—Coralberry; Currant; Honeysuckle; Opulaster; Quince; Rosa; Snowberry; Spirea Van Houtti; Spirea Arguta; Sumac; Thimbleberry.

Foundation Planting, Low—Barberry; Hydrangea; Kerria; Leadplant; Potentilla; Spirea Anthony Waterer; Spirea Thunbergi.

Shrubs for High Altitudes and Exposed Places—Buckthorn; Coralberry; Currant; Chokecherry; Honeysuckle; Lilac, common; Opulaster; Caragana; Quince; Spirea Van Houtti; Thimbleberry.

ORNAMENTAL SHRUBS AND HEDGES—*Continued*

Almond, Double Flowering—Pink or white flowers. 2 to 3 feet., each, 65c; per 10, \$6.00.

Barberry, Thunbergi—Japanese Barberry., 2 to 3 ft., each, 65c; per 10, \$5.50. 12 to 15 inches, each, 45c; per 10, \$4.00; per 100, \$35.00.

Butterfly Bush—Summer Lilac, each, 50c.

Coralberry—Thrives in full shade; berries red. 3 to 4 ft., each 60c; per 10, \$5.00. 2 to 3 ft., each, 45c; per 10, \$4.00.

Currant, Golden—Flowers golden yellow; berries amber. Native. 4 to 5 ft., each \$1.00. 2 to 3 ft., each, 65c.

Choke Cherry, Western—Very hardy. 4 to 5 ft., 75c; 3 to 4 ft., each 50c; per 10, \$4.00.

Dogwood, Colorado—Red-stemmed Dogwood. 3 to 4 ft., each, 75c; 2 to 3 ft., each, 60c; per 10, \$5.00.

Elder, Golden-Leaved—Leaves golden yellow. 4 to 5 ft., each, \$1.00. 2 to 3 ft., each, 60c.

Elder, American—White flowers; black berries. 3 to 4 ft., each, 60c; per 10, \$5.00.

Honeysuckle, Tartarian—Bush honeysuckle. 3 to 5 ft., each, \$1.00; 3 to 4 ft., each, 60c. 2 to 3 ft., each, 50c; per 100, \$40.00.

Hydrangea—2 to 3 ft., each, 75c; per 10, \$7.00.

Lilac, Purple—For a specimen, screen or hedge. 3 to 4 ft., each, 65c; per 10, \$6.00. 2 to 3 ft., each, 55c; per 10, \$5.00; per 100, \$40.00. 1 to 2 ft., per 10, \$2.00; per 100, \$15.00.

Lilac, White—2 to 3 ft., each, 60c.

Lilac, Persian—3 to 4 ft., \$1.00. 2 to 3 ft., 75c.

Lead Plant—Dwarf growing; flowers purple. 12 to 18 inch, each, 65c.

Kerria, Japonica—Bark green; flowers yellow. 1½ to 2 ft., each, 90c.

Opulaster, Ramaleyi—Native shrub, very hardy. 3 to 4 ft., each 75c. 2 to 3 ft., each 50c; per 10, \$4.50.

Privet, English—Hardy, upright growing; for hedges. 3 to 4 ft., each, 60c; per 10, \$5.00. 2 to 3 ft., each 50c; per 10, \$4.00; per 100, \$45.00. 1 to 1½ ft., per 100, \$20.00.

Privet, Itoya—Spreading; for screens or hedges. 2 to 3 ft., each, 50c; per 10, \$40.00; per 100, \$35.00; 1 to 1½ ft., per 100, \$20.00.

Quince, Japan—Hardy; scarlet flowers in May. 3 to 4 ft., each, 60c. 2 to 3 ft., each 50c.

ORNAMENTAL SHRUBS AND HEDGES—*Continued*

Rocky Mountain Cherry—Sand Cherry. 3 to 4 ft., each 60c; per 10, \$5.00. 2 to 3 ft., each, 40c; per 10, \$3.50.

Rosa Rugosa—Single rose; red fruits. 2 to 3 ft., each 60c; per 10, \$5.00.

Snowball—2 to 3 ft., each 60c; per 10, \$5.50.

Snowberry—Large, white berries in September. 3 to 4 ft., each 60c. 2 to 3 ft., each, 50c; per 10, \$4.50.

Syringa, Coromarios—Mock Orange. 3 to 4 ft., each, 65c. 2 to 3 ft., each, 50c.

Spiraea, Van Houttei—The popular, white Spiraea. 3 to 4 ft., each, 75c; per 10, \$7.00. 2 to 3 ft., each, 60c; per 10, \$5.00; per 100, \$45.00. 1½ to 2 ft., per 10, \$3.50; per 100, \$25.00.

Spiraea, Arguta—Snow Graland. 2 to 3 ft., 75c.

Spiraea, Billardi—Flowers bright pink, in long panicles. 3 to 4 ft., each, 50c. 2 to 3 ft., each, 40c.

Spiraea, Anthony Waterer—The best red Spiraea. 1½ to 2 ft., 3 year, each, 90c.

Spiraea, Thunbergi—Dwarf growing; foliage feathery. 2 to 3 ft., each, 75c; per 10, \$6.50. 1 to 1½ ft., each 45c; per 10, \$3.50.

Tamarix—Tall growing, fine feathery foliage. 3 to 4 ft., each, 75c.

Thimbleberry—Native, flowering shrub. 3 to 4 ft., each, 60c; per 10, \$5.50. 2 to 3 ft., each, 45c; per 10, \$4.00.

Viburnum, Opulus—High Bush Cranberry. 3 to 4 ft., \$1.00. 2 to 3 ft., 65c.

Hosier Beauty—Crimson-scarlet, with dark shadings; the best red H. T. in existence, each, 90c.

Joukbeer, J. L. Mock—Clear, imperial pink.

Kaiserin Augusta Victoria—Cream white; the best white H. T. for the garden or cut flowers.

Killarney—(The Irish Beauty). Clear, sparkling pink.

Killarney—White. Similar to the pink, except in color.

Lady Alice Stanley—Coral pink; clear and fine.

Los Angeles—Luminous flame pink, toned with coral. One of the good new ones. Each, \$1.25.

LaFrance—Silver rose, with pink shadings.

Mme. Caroline Testout—Brilliant, satiny-rose.

Maman Cochet—Carmine pink, shaded rosy-crimson.

Mrs. Aaron Ward—Large and full; Indian yellow.

Mrs. Charles Russell—Very clear rose-carmine.

Mrs. George Shawyer—Brilliant clear rose-pink.

Premier—New, large, pure clear pink.

ROSES—HYBRID TEA—*Continued*

Radiance—Carmine-pink; yellow at base of petals.

Rhea Reld—Large, fragrant, deep even red.

Sunburst—Orange-copper to golden yellow.

White Cochet—Snow white, outside petals tipped with pink. The most persistent bloomer we have.

HARDY CLIMBING AND RAMBLER ROSES

Baltimore Bell—An old time climber; pale blush, fading to white; each, 50c.

Crimson Rambler—The most popular of the ramblers. 2 year, each 50c; per 10 \$4.50.

Climbing American Beauty—Large flowers; rich red. The best climber ever offered. Each, 90c.

Dorothy Perkins—Flowers small, shell pink, in clusters. Hardy everywhere. Each 50c; per 10 \$4.50.

Excelsa—(Red Dorothy Perkins) Crimson-scarlet flowers in clusters. Each, 60c; per 10 \$5.00.

Prairie Queen—Bright, rosy-red; large, compact flowers in clusters. Each, 50c.

Thousand Beauties—Very hardy; flowers in clusters, varying shades of pink to flushed white. Each, 60c; per 10 \$5.00.

DWARF OR BABY ROSES

For the garden, border or pot culture. In bloom from June to frost. All varieties, each, 75c.

Baby Doll—Brilliant golden yellow.

Baby Dorothy—Flowers in clusters; pure pink.

Crimson Baby—(Baby Crimson Rambler).

PEONIES

We have fifty named varieties of peonies in our gardens which cover the entire season of bloom and range in color from purest white to very dark red. Peonies are better planted in the fall but spring planting has always proven successful for us and we will have dormant roots for spring orders. This price is good so long as our dormant stock lasts. Each, 60c; per 10, \$5.00.

IRIS

Iris may be planted any time they are not in bloom. They will grow anywhere and are the best early flowering hardy plant we have. We have twenty varieties, varying in color from pure white to deep purple; blue, pink, red, brown, yellow and the combinations of all. Prices, each, 15c; per 10, \$1.25; per 100, \$10.00.

HARDY PHLOX

The best perennial for a fine display of flowers through the summer and fall. Our twenty varieties give us bloom from July 15th, to severe frost, with the best display about August 15th to September 1st. The color range is from white, through the shades of pink, rose, red, lavender to purple. Prices, each, 25c; per 10, \$2.00; per 100, \$17.00.

Hedges—1 ft. apart in row.

Roses—Not less than 2½ ft. each way.

Ornamental Shrubs—In groups, 3 to 4 ft. apart

Peonies—3 to 3½ ft. each way.

LANDSCAPE SERVICE

If you are planning the improvement of your grounds and are not experienced in the selection and arrangement of the trees and plants suitable to your needs, write us about it.

We are not landscape architects, but our long experience in growing ornamental nursery stock for the west and its use in landscape design enables us to give you valuable advice either by letter or personally. This service is given without cost or obligation so long as a personal visit is not required, in which case a reasonable charge will be made.

In writing us give a brief description of the extent and condition of the grounds to be improved and the nature of the improvements you wish to make. A pencil sketch, giving dimensions, with location of buildings, walks, drives and anything else of a permanent nature will be a help in determining your probable needs. We will then advise you and, where necessary, send you a plan showing our ideas as to your needs with list of stock and cost of same for your approval.

This service extends to orchard as well as landscape planting and is given without obligation to you.

Our place is on the Park Road, one-half mile west of Loveland. If you like flowers or are interested in Trees, Shrubs, or Hardy Plants, stop at the nursery any time during the summer and look our stock over. We will be glad to see you and hope your time will be well spent.
